

COVID RULES

4 Balls from Different Households

1. Bookings must be made on BRS with 15 minute intervals for tee slots. Bookings will constitute the Track and Trace Sheet for the course so if members elect not to play after making a booking they are requested to cancel their booking as soon as possible.
2. Social distancing of 2 metres is to be applied at all times. Particular care must be exercised on tees and greens.
3. Players are not to touch any equipment on the course that does not belong to them (ie, flags, balls tees etc). Buggies cannot be shared unless players are from the same household. Additionally, the buggies should not be used for carrying the other player's clubs unless both players are from the same household.
4. With the exception of the toilets, the Clubhouse facilities remain closed. However, entry to the locker rooms for members who require access to their equipment is permitted but members will not be permitted to return their equipment to lockers until the Clubhouse is allowed to reopen.
5. Use of the practice putting area (maximum 2 players) and practice net is limited to the 15 minutes before the player's tee times.
6. The Practice Area is open but limited to 4 players who have booked to play on BRS.
7. Accompanying players by non-playing individuals is permitted, but must be reported to the Club Manager so an accurate register of those attending can be maintained.
8. Any member who fails to conform with these instructions may be subject to disciplinary action, possibly resulting in suspension of their playing privileges. Visitors may be requested to leave the Course.

Please ensure that you adhere to all rules. Any failure to do so could potentially result in reintroduction of a ban or more stringent restrictions on golfing activities.
